Proven mineral technology for effective pool sanitation and reduced maintenance.

A Better Swimming Experience GUARANTEED
Natural minerals, such as silver and copper, have been used for thousands of years to effectively control bacteria, algae, and other harmful contaminants. Nature2 brings the benefits of these proven elemental ingredients to create cleaner, clearer pool water while reducing the potential for common discomforts and unpleasant odors.

CLEANER WATER, LESS HASSLE
Nature2 is a simple and effective pool sanitizing solution. In conjunction with your pool’s filtration system, it automatically delivers bacteria- and algae-fighting minerals to provide more balanced pH, better alkalinity levels, and overall cleaner, more comfortable pool water with less hassle.

No stain guarantee!

SMART SANITIZING SYSTEM
Because of Nature2’s powerful bacteria-fighting properties, your pool will require less chlorine — up to 50% less! And, with its Controlled Release Technology (CRT), Nature2 automatically dispenses the right amount of mineral ions into your pool water for continuous sanitizing and healthier pH levels. That means Nature2 keeps working even when chlorine has been depleted.
Nature2 Fusion Inground is a robust and convenient chlorine and mineral sanitizing system. This easy-to-use solution automatically dispenses Nature2 minerals and chlorine for a sparkling clean, balanced pool.

- For inground pools up to 45,000 gallons
- Commercial-grade

Nature2 Express is a simple mineral dispensing system that automatically releases the right amount of Nature2 minerals into your pool for a cleaner, clearer swimming experience. Simply install Nature2 Express on your pool’s return line, activate the cartridge, and let it do the rest.

- For inground and aboveground pools up to 25,000 gallons
- Do-it-yourself installation in minutes

Nature2 CF is a simple drop-in unit for your pool’s existing cartridge filter. Simply place the Nature2 CF in your pool’s cartridge filter core and let our exclusive mineral process do the rest. Get all the benefits of Nature2 with practically effortless installation.

- For inground pools up to 25,000 gallons
- Also available: Nature2 SP, a drop-in cartridge for Hayward® SwimPure filters

PREMIUM DELIVERY SYSTEMS

SALTWATER CHLORINATOR + Nature2 System

Get the total mineral solution with Fusion Soft, a robust saltwater chlorinator that combines the proven benefits of Nature2 for the ultimate swimming experience with virtually zero maintenance. Nature2 is the perfect supplement for salt systems. It helps maintain pH levels for the best water quality, while reducing wear and tear on the salt cell. This all-in-one system automatically generates sanitizer from ordinary salt, so you’ll never have to buy or use traditional chlorine again.

- For inground pools up to 40,000 gallons
- Commercial-grade

CHLORINE TABLET FEEDER + Nature2 System

Nature2 Fusion Inground is a robust and convenient chlorine and mineral sanitizing system. This easy-to-use solution automatically dispenses Nature2 minerals and chlorine for a sparkling clean, balanced pool.

- For inground pools up to 45,000 gallons
- Commercial-grade
