Inground Pressure-Side Pool Cleaners

280  360  380

3900 Sport
Powerful Vacuum Performance for a Cleaner, Clearer Pool

With the most vacuum power of any cleaner, the 3900 Sport supplements the pool’s filtration system by circulating an additional 40 gallons of water per minute through its filter bag, thereby distributing clean, filtered water throughout all areas of the pool. The result is more even temperature throughout the pool, and a cleaner, clearer body of water in less time.

Legendary Performance
All-wheel PosiDrive system with durable stainless steel drive chain delivers 50% more torque for maximum speed, climbing, maneuverability, and performance.

Incomparable Convenience
A dual-chamber zippered SuperBag picks up and stores more debris than any other cleaner for reduced maintenance.

Unmatched Power
Powered by a booster pump, the Polaris 3900 Sport’s large unobstructed vacuum inlet is perfect for large leaves, pebbles and acorns.

TailSweep PRO®
Extreme Sweeping
Now includes TailSweep PRO, an advanced sweep hose enhancement that provides maximum water propulsion to blow debris out of corners and hard to reach places, while also eliminating water from spraying outside the pool.

BONUS
- 50% more flow for ultimate sweeping action
- No more wet windows or walkways
The Benefits of a Polaris Pressure Cleaner

**Reduces Maintenance**
Sweeps and scrubs the bottom and walls of any size or shape pool. Captures debris before it reaches the pump basket and filter, reducing filter cleaning up to 80%, thus prolonging the life of the filter.

**A Healthier Pool**
Independent booster pump operation keeps the skimmer free to remove surface debris and contaminants for a cleaner, healthier swimming experience. Sweep hose cleans tight corners and steps where other cleaners can’t.

**Maximizes Circulation & Heating**
Enhances the swimming experience, providing a cleaner body of water by returning clean filtered water throughout all areas of the pool. Disperses warm water during the heating process to the depths of the pool.

### Booster Pump Power

Be sure your Polaris Pressure Pool Cleaner operates at optimal performance with a Polaris Booster Pump. The all new Polaris PB4-60 Booster Pump provides maximum power, so your cleaner can pick up even the largest debris, while circulating clean, warm water throughout all areas of the pool.

**Polaris PB4-60 Booster Pump**
- Energy efficient pump—operates on low flow filter pumps
- Best pump to power your Polaris pool cleaner
- Improved hydraulic design for optimal performance and efficiency
Your Pool. Our Reputation.
For more than 40 years, Polaris has been the #1 selling pressure pool cleaner in the world. With its iconic 3-wheel design, this visionary class of pool cleaners has become the benchmark against which all others are measured. Focused on premium quality engineering, rugged construction, and performance that is second to none, Polaris pool cleaners are built to last and are proven to clean where others can’t.
