Armor Shield

Armor Shield provides an important protective layer between a vinyl swimming pool liner and its sand or soil base. Unlike TRADITIONAL FOAM padding, Armor Shield is a Polypropylene Geotextile material that prevents cuts and punctures to vinyl liner caused by rocks, roots, grass and even GLASS! Armor Shield also reduces convective heat loss and provides a comfortable floor pad for tired feet.

Our Program

WE ARE SO CERTAIN of the protection Armor Shield will provide, we will extend the warranty of your GLI Above Ground Liner from 20/1 years to 25/3 years when installed with ARMOR SHIELD.

Should you experience a problem with your liner as a result of a manufacturing defect, GLI will replace or repair your liner within your first 3 years of ownership.

Warranty Assistance

GLI makes redemption of your warranty easy. Simply be sure to keep a DATED copy of the purchase invoice for both the GLI liner and the Armor Shield floor protector in your records. If a defect should occur, send a copy to our Customer Care department along with a photo/digital image of the defective area. Just like that your warranty will take effect and a replacement liner or a repaired liner will be issued.

pol•y•pro•py•lene - noun Chemistry
A plastic polymer of propylene, (C₃H₅), used chiefly for molded parts, electrical insulation, packaging, and fibers for wearing apparel.

GEOTEXTILES are permeable fabrics which, when used in association with soil, have the ability to separate, filter, reinforce, protect, or drain.

GEOTEXTILES have a wide range of applications and are currently used to advantage in many civil engineering applications including roads, airfields, railroads, embankments, retaining structures, reservoirs, canals, etc.
