OUR ABOVE GROUND REEL SYSTEMS

TIDAL WAVE™

Resin Above Ground Reel System
- Heavy-duty corrosion-resistant steel construction.
- Fits pools 12' to 30' in width.
- Easy one-piece operation - reduces smoothly and puts out of the way when pool is in use.
- Mounts on top roll of Above Ground pool.
- Handle grip facilitates lifting.
- Includes all rings and required hardware for attaching your solar blanket (Available separately).

Tidal Wave Aluminum Tube Kits
Tube kits are pre-drilled for easy assembly.
Super-strong tubing tube kits available in three sizes:
- Item # 4370018: 3' diameter - For pools up to 18' wide
- Item # 4370024: 3' diameter - For pools up to 24' wide
- Item # 4370030: 3' diameter - For pools up to 30' wide

WHIRLWIND

Cast Aluminum Above Ground Reel System
- Made from high-quality commercial grade stranded aluminum.
- Fits pools 12' to 25' in width.
- Engineered with sealed, high-strength nylon bearings for effortless operation.
- Adjustable mount for easy crank & cover removal.
- Welded bracket mounts on top roll of Above Ground pool.
- Includes all rings and required hardware for attaching your solar blanket (Available separately).

Whirlwind Aluminum Tube Kits
Tube kits are pre-drilled for easy assembly.
Super-strong tubing tube kits available in four sizes:
- Item # 4381600: 3' diameter - For pools up to 18' wide
- Item # 4381604: 3' diameter - For pools up to 24' wide
- Item # 4381608: 3' diameter - For pools up to 30' wide
- Item # 4381604: 4' diameter - For pools up to 30' wide

GLI. We’re Taking The Solar Reel World By Storm!

**Cyclone™**
- Inground Resin Reel System (Pat. Pend.)
- Heavy-duty, maintenance free resin construction.
- Innovative offset design prevents tipping.
- Unique roller wheels re-enters into reel body for stationary operation.
- Engineered with pinch roller bearings for smooth, effortless roll-up.
- Crank handle on both ends for convenient one or two person operation.
- Includes all straps and required hardware for attaching your solar blanket (Available separately).
- Super-strong anodized aluminum tube kits (See Tube Kit size options below).
- Tube kits are pre-drilled for easy assembly.

**Hurricane™**
- Inground Aluminum Reel System
- Made from high quality commercial grade structural aluminum.
- Completely maintenance free.
- Engineered with sealed, high-strength nylon bearings for effortless one person operation.
- Available with optional locking casters for easy roll away storage.
- Includes all straps and required hardware for attaching your solar blanket (Available separately).
- Super-strong anodized aluminum tube kits (See Tube Kit size options below).
- Tube kits are pre-drilled for easy assembly.

**Typhoon™**
- Inground Resin Reel System
- Large wheel design rolls over uneven terrain for easy roll-away storage.
- Heavy-duty, maintenance free construction.
- Engineered with pinch roller bearings for smooth, effortless roll-up.
- Crank handle on both ends for convenient one or two person operation.
- Includes two sturdy footstands for stable, stationary operation.
- Includes all straps and required hardware for attaching your solar blanket (Available separately).
- Super-strong anodized aluminum tube kits (See Tube Kit size options below).
- Tube kits are pre-drilled for easy assembly.

**Twister™**
- Premium Height Adjustable Commercial Inground Aluminum Reel System
- Our Finest Commercial Quality Solar Reel System.
- Made from high quality commercial grade structural aluminum.
- 32” wide base for maximum stability.
- Complete maintenance free.
- Engineered with sealed, high-strength nylon bearings for effortless one person operation.
- Quick release pin multi-height adjustable.
- Complete with heavy duty commercial quality casters.
- Includes all straps and required hardware for attaching your solar blanket (Available separately).
- Super-strong anodized aluminum tube kits (See Tube Kit size options below).
- Tube kits are pre-drilled for easy assembly.

---

Cyclone, Typhoon, Hurricane, Twister Aluminum Tube Kits
Super-strong anodized tube kits available in 3” or 4” diameter:
- Item #4390012 - 3” diameter tube for pool sizes to 12’ wide
- Item #4390016 - 3” diameter tube for pool sizes to 16’ wide
- Item #4390020 - 3” diameter tube for pool sizes to 20’ wide
- Item #4390420 - 4” diameter tube for pool sizes to 20’ wide
- Item #4390424 - 4” diameter tube for pool sizes to 24’ wide
64’ tubes recommended for use with larger pools and/or heavy gauge solar blankets.
